

## **Minutes of the WAF Working Committee**

**12<sup>th</sup> June 2024**

### **Attendance**

1. Ambreen Fatima
2. Bunny
3. Nyla Naz
4. Najji
5. Tauseef Hyat

Bunny said she was disappointed that WAF Members had not appreciated the WAF website and WAF YouTube set up by her and Nyla.

On the other hand, because of the web-site and archives put up, WAF had got into the International scene, and International Organizations were contacting them, similarly National Organizations were also showing an interest in the WAF archives. As Bunny put it, there was quite a 'buzz' about the archives.

It was decided that the Political School would be run jointly by the younger WAF Members and Aurat March.(AM) For this collaboration, WAF needs to have a meeting with AM first. Other WAF members will help with the Political School as needed.

The National and International Webinars will be organized by Bunny later in the year.

It was good to have Najji back on the Lahore scene. She gave us a feedback on London as it is now, and a strong warning to never travel by British Airways, since it was horrible.

A suggestion that Maheen should be brought on to the Working Committee, as she will be writing some of the Statements for WAF, and will need endorsements.
