**Agenda Item No 1: Press Release on Violence Against Women**

Rukhsana shared her paper with a few members and Bunny said, 'it needs to be shortened for a press release as media would not be interested in printing a position paper.' Rukhsana will share her draft again.

**Agenda Item No 2: Webinars/Seminars by Political School of WAF**

Members have expressed interest in conducting webinars/seminars on various subjects such as women in economy, Talibanization, resistance movement and local government elections. Organizing a seminar on resistance struggles in the contemporary politics needs to be prioritized. It was decided that more conversation on this subject needs to be carried out with other chapters of WAF national. WAF national coordinators will speak with other chapters. Committee needs to be formed that can specifically look into the details of organizing these seminars such finalizing format, speakers and sub-topics under the broader theme etc.

Since there was no other issue, the meeting was ended.
