Bunny had shared the planning of **Lahore Chapter** which is as follows:

Lahore planning its Webinars which will be open to all. The **12th February 2021** Webinar will have four stages of the Women's movements, beginning from 1947 to the present.

Panelists will be from all the chapters, and will represent different age groups and discuss issues/challenges related to their own areas. Bunny will give the overview and Naila will be the moderator. Time will be slotted for Q & A's and overall the Webinar would be two hours.

Now the chapters have to nominate their representative / speakers and let Lahore WAF know as soon as possible as they have to design the invite and share the link with all WAF and other women's groups.

Islamabad Chapter nominated Eman as speaker for the 12th Feb webinar

Hyderabad Chapter nominated Arfana Mallah as speaker for the 12th Feb webinar

Peshawar Chapter has nominated Rukhshanda Naz to represent & speak on 12th Feb webinar. (Some queries were raised and Peshawar was requested to revisit the nomination.) Shahida said that she will discuss within chapter and will let us know soon.

Other Webinars also planned by Lahore WAF are:

28th January – Impact of Covid on Home Based Workers. This will be open for all and we will be sharing the link soon for this.

25th March: Bangladesh 1971 – 50 years of Bangladesh (National /Int. Webinar with the participation of some speakers from Bangladesh)

The proposed speakers for this webinar are Anis Haroon, Nighat Khan, Dr. Saba Khattak, Rubina Saigol (Moderator) Dr. Amena Mohsin, Khushi Kabir (Bangladesh). It was proposed that we should include some young speakers from Pakistan and Bangladesh to share their living experiences of the issue. The idea was highly appreciated by the members.

This will also be a public Webinar. We hope to be a part of the debate and reflection that others may also be involved in.

1st May: Workers – this will be a webinar with the participation of all workers including Nurses, factory workers etc and they will speak on their issues. The moderator for this webinar will be Rubina Jamil who is a founder member of WAF Lahore.

28th May: Militarization & Democracy – Pakistan conducted nuclear tests in May 1998, shortly after India's nuclear tests, declaring itself a nuclear weapon state.

We are going to discuss that how South Asia became a flashpoint of Nuclear weapons competition and how it impacted the democracy and the democratic processes in the country which were already weaken here. This event increased the militarization in society as well as in the region which impacted more vulnerability in the life of general public.
