They are working on the working group themes as well. Different working group could work on different sub themes. One person can speak on more than one issue.
2. Talking on the same point, Bunny said that categorically no chapter asked us to postpone the convention so we should go ahead with the convention. She further said that Peshawar have confusion on some things as they said you select yourself and give us the Task and assign us the responsibility. She said that no one is leading the convention but framing the convention. Karachi is more familiar with the conventions and they are having their planning meetings on it.

3. Rani further elaborate that Karachi has shown interest in three issues:

Neelam said that it seems that many people are willing to talk on the same issue but we have to choose one person to present the chapter position.

4. On Budgets, Popti gave an update that till now we have received 325,000/- (in hand) and another 300,000/- are committed, so in total we have an amount of 625,000/-. Some members said that they will send their contributions soon.
  5. Due to the current flood situation in various parts of the country it was discussed that if we could simplify and minimize our celebrations and budgets and may help the victims of the flood.
